At about 2pm, JM Jega realised that the auditors could not finish in time for him to leave for the run. With On-Sec on holiday, he called On-Cash who said he had a bad stomach and would not be able to go. With others away, he called ex-On-Sec Leong who said he would take care of things.

But unfortunately, no report has been received as yet, since 2 days later, Leong was and still is out of contact.

So JM had to call around to get some information and make up a report from the pictures.

The run was a simple run was all I was told. No rain.

Circle was conducted by Ex-On-Sec John Dodgson. The butler was C. Y. Lau. The front runners were called up and the run was a good one, so they all got their drink. Judging from the pictures, it was raining a bit during the circle. Interhash was seen making announcements. The Pondicherry Hash would have been mentioned.

There were 3 guests, one of whom looked like from Korea. Charges followed with a few taking and giving charges. And then off to the restaurant for the ON On.

So that is it gentlemen. Run report for this run!!
